Current releases Additional tables **Commissioned outputs**

National Records of Scotland (NRS) provides a commissioned table service for Scotland's Census 2011 data. This is available for customer requirements that are not met by the data provided in the published tables. The availability of commissioned tables will be determined by:

- the data available;
- whether or not NRS already intends to release the data at a later date;
- whether a disclosure control problem;
- Commissioned tables will be available for enquiries for the requesting customer under 'Open Government Licences'. This means that Beneficiaries they will then make available from to all other users.

Note on how commissioning Release 3 Open requests (i.e. alternative tables, such as our 'Hot and Dark' (Hotels) tables), Release 3 Open requests (i.e. extra releases) can be available for the 2011 Census data following the completion of Release 3, around the end of 2014.

The cost of commissioned tables will reflect the amount of time taken to develop the tables and to carry out the disclosure checking and associated processes. The charges for commissioned tables will be dependent on both size and CD. This reflects the extensive cost of developing the service and will be subject to a request call. All charges will be subject to VAT at the standard rate. Requests for delivery of information via portable media (CD/DVD) may incur additional charges to cover administration, production and delivery of these items.

The table below gives an indication of how much a commissioned table will cost. However, NRS will consider each request on a case-by-case basis and will agree the final cost with the customer prior to any work commencing.

Description	Indicative cost
A table which takes under half a day to produce	£100
A table which takes between half a day and a day to produce	£100 - £300
A table which takes between a day and a half and two & a half days to produce	£300 - £500
A table which takes more than two & a half days to produce	From an individual case

Commissioned tables will be subject to the terms and conditions of use of all Scotland's Census tables. If you wish to submit a request for a
